FuzzyPegs Alternative Provision recognises that the safety of all children within the setting is paramount at all times.

With this in mind, an emergency evacuation plan is in place that remains permanently displayed within the provision.

In the event of a minor fire, the provision is equipped with a fire extinguisher and fire blanket. It is emphasised that the safety of children and staff is very important and a minor fire would only be dealt with when all the children are safe and that the staff member does not take any personal risks. All incidents and drills will be recorded in a Fire Log Book.

A plan of evacuation is displayed around the provision, including Personal Emergency Evacuation Plans (PEEP).
